

BUG REPORT

1. Issue Summary: User is not redirecting to the free now website on clicking the radio button in “Choose your preferred country”.

Severity: Major

Steps to Reproduce:

- A. User must be in a country where freenow is not present
- B. Open <https://www.free-now.com/> in any browser
- C. Click on any of the radio buttons

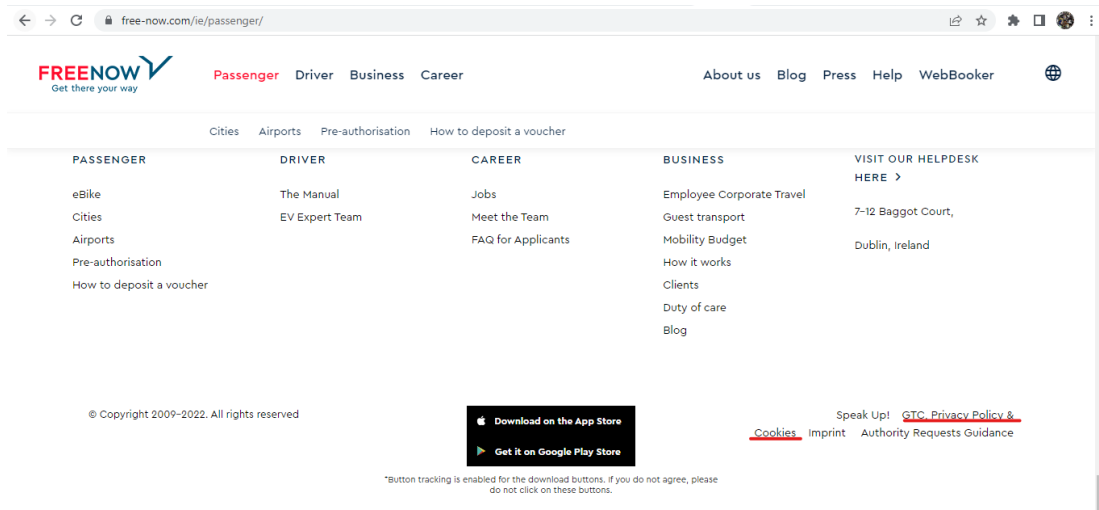

- D. Observe that the user is unable to navigate to the website

2. Issue Summary: Hyperlink text should be present in the same line

Steps to Reproduce:

- A. Open <https://www.free-now.com/ie/> in any browser
- B. Now scroll till the bottom of the page.

C. Observe that the “GTC, Privacy Policy & Cookies” hyperlink text is appearing in 2 different lines

3. Observations: A hyperlink can be provided in the text “Check out our FAQs” so that users can directly open the FAQ page.
